The **PORTABASE** Counterbalance Trailer Hitch is a portable system which can be easily broken down for transportation. The product is quick and easy to set up with no tools required.

The system is compatible with the **TDAVIT** and **PORTADAVIT** QUANTUM providing maximum flexibility where the installation or use of a fixed socket is not possible. This system has been designed to attach to a vehicle with a tow bar such as a Van or Truck. When in use with our Davits, it can be used for lifting goods up to 450kg as well as providing access and egress for confined space tasks.

Key features

- EN795:2012 Certified
- Can support goods and personnel lifting;
 - Goods WLL of up to 450kg
 - Personnel WLL of up to 225kg
- Breaks down in to 6 components for ease of transportation and stowage
- Incredibly lightweight structure with full system weighing 45kg
- Designed for ease of assembly using pins, with no bolted sections or the need for tools
- Levelling feet designed to support the system to function correctly on uneven ground
- Integrated swivel castors, as standard
- Compatible with the use of **TDAVIT** and **PORTADAVIT** QUANTUM
- Easy connection to a van or truck weighing 2000kg
- Can be connected parallel or perpendicular to the vehicle
- Clean, anodised finish for increased corrosion resistance
- Engineered designs and bespoke sections reduce weight, providing lightweight portability

Configurations

If you have already own a **PORTABASE** Counterbalance, the Trailer Hitch Connector can be bought separately [please contact REID for further information].
